

This pricing supplement, together with the prospectus supplement dated March 19, 2021 and the short form base shelf prospectus dated March 19, 2021 to which it relates, as amended or supplemented, and each document incorporated by reference into the short form base shelf prospectus and the prospectus supplement, constitutes a public offering of these securities only in those jurisdictions where they may be lawfully offered for sale and therein only by persons permitted to sell such securities. No securities regulatory authority has expressed an opinion about these securities and it is an offence to claim otherwise.

The securities to be issued hereunder have not been, and will not be, registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act"), and, subject to certain exceptions, may not be offered, sold or delivered, directly or indirectly, in the United States of America or for the account or benefit of U.S. persons (as defined in Regulation S under the U.S. Securities Act).

SUN LIFE FINANCIAL INC.

Pricing Supplement 4 Dated August 8, 2022

(to the short form base shelf prospectus of Sun Life Financial Inc. ("SLF") dated March 19, 2021 as supplemented by the prospectus supplement of SLF dated March 19, 2021 (collectively, the "Prospectus")).

\$650,000,000

SERIES 2022-1 SUBORDINATED UNSECURED 4.78% FIXED/FLOATING DEBENTURES DUE 2034

The \$650,000,000 principal amount of Series 2022-1 Subordinated Unsecured 4.78% Fixed/Floating Debentures due 2034 (the "Debentures") will be issued under a trust indenture dated as of November 23, 2005, as supplemented by a twenty-third supplemental indenture to be dated as of the closing date (together, the "Trust Indenture"), between SLF and BNY Trust Company of Canada, as successor indenture trustee (the "Trustee").

The following is a summary of certain of the material attributes and characteristics of the Debentures offered hereby, which does not purport to be complete and is qualified in its entirety by reference to the Trust Indenture. Reference is made to the Prospectus for a summary of the other material attributes and characteristics applicable to the Debentures and reference is made to the Trust Indenture for the full text of such attributes and characteristics.

Issuer:	Sun Life Financial Inc.
Designation:	Series 2022-1 Subordinated Unsecured 4.78% Fixed/Floating Debentures due 2034.
Principal Amount:	\$650,000,000 aggregate principal amount of Debentures.
Issue Price:	\$999.76 per \$1,000 principal amount of Debentures.
Issue Date:	August 10, 2022.
Delivery Date:	August 10, 2022.
Interest Reset Date:	August 10, 2029.
Maturity Date:	The Debentures will mature on August 10, 2034.
Interest Payment Dates ¹ :	Each Debenture will bear interest (i) during the period from the closing date of this offering to, but excluding, August 10, 2029, at a fixed annual rate of 4.78%, payable in equal semi-annual instalments on February 10 and August 10 in each year, with the first payment of interest due on February 10, 2023 and the last payment of interest due on August 10, 2029, and (ii) from and including August 10, 2029 to, but excluding, the Maturity Date of the Debentures, at a variable rate equal to Daily Compounded CORRA determined for the Observation Period in respect of such Floating Interest Period plus 1.96%, payable on February 10, May 10, August 10 and November 10 in each year beginning on November 10, 2029. The Debentures will

mature on the Maturity Date.

Daily Compounded CORRA: For an Observation Period will be calculated as follows, with the resulting percentage rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards:

$$\text{Daily Compounded CORRA} = \left(\prod_{i=1}^{d_0} \left(1 + \frac{\text{CORRA}_i \times n_i}{365} \right) - 1 \right) \times \frac{365}{d}$$

Where:

- “ d_0 ” for any Observation Period is the number of Business Days in the relevant Observation Period;
- “ i ” is a series of whole numbers from one to d_0 , each representing the relevant Business Day in chronological order from, and including, the first Business Day in the relevant Observation Period;
- “ CORRA_i ” means, in respect of any Business Day “ i ” in the relevant Observation Period, a reference rate equal to the daily CORRA rate for that day, as published by the Bank of Canada, as the administrator of such rate (or any successor administrator of such rate), on the website of the Bank of Canada or any successor website on the immediately following Business Day, which is Business Day “ i ” + 1;
- “ n_i ” for any Business Day “ i ” in the relevant Observation Period, means the number of calendar days from, and including, such Business Day “ i ” to, but excluding, the following Business Day, which is Business Day “ i ” + 1; and
- “ d ” is the number of calendar days in the relevant Observation Period.

Floating Interest Period: The period from and including each Interest Payment Date commencing on the Interest Reset Date to, but excluding, the next succeeding Interest Payment Date.

Observation Period: In respect of each Floating Interest Period, the period from, and including, the date two Business Days preceding the first date in such Floating Interest Period to, but excluding, the date two Business Days preceding the Interest Payment Date.

Observation Date: In respect of a Floating Interest Period, the day that is two Business Days preceding the related Interest Payment Date.

Yield: **The effective yield of the Debentures, if held to August 10, 2029, will be 4.784%. Thereafter the effective yield will fluctuate with the interest rate.**

Denominations: Debentures will be available in denominations of \$1,000 and integral multiples thereof.

Redemption: At its option, and subject to prior approval of the Superintendent, SLF may redeem the Debentures, in whole or in part, on or after August 10, 2027, to, but excluding August 10, 2029, at a redemption price equal to the greater of (i) the Canada Yield Price and (ii) par, and on or after August 10, 2029, at a redemption price equal to par, together in each case with accrued and unpaid interest to, but excluding, the date fixed for the redemption. Any Debentures redeemed on or after August 10, 2029 must be redeemed on an interest payment date. SLF will give notice of redemption at least 10 days but not more than 60 days before the date fixed for redemption. Where less than all of the Debentures are to be redeemed, the Debentures to be redeemed will be selected by lot by the Trustee or redeemed on a proportionate basis according to the principal amount of Debentures registered in the respective name of each

holder of Debentures or in such other manner as the Trustee may consider equitable.

“**Canada Yield Price**” means a price per \$1,000 principal amount of Debentures, calculated by SLF at approximately 10:00 am (Toronto time) on the third Business Day preceding the date fixed for redemption of Debentures, which would provide a yield thereon from the date fixed for redemption to, but excluding, August 10, 2029 equal to the Government of Canada Yield (as defined below), compounded semi-annually in arrears, plus 0.52%.

“**Government of Canada Yield**” means, on any date that is three (3) Business Days prior to a date fixed for redemption, the bid yield to maturity on such date, compounded semi-annually, which a non-callable Government of Canada nominal bond would be expected to carry if issued, in Canadian dollars in Canada, at 100% of its principal amount on such date with a term to maturity equal to the period between the date fixed for redemption and August 10, 2029 (the “**Applicable Term**”), as determined by two independent Canadian investment dealers (each of which is a member of the Investment Industry Regulatory Organization of Canada) selected by SLF, and based on a linear interpolation of the yields represented by the arithmetic average of bids observed in the market at or about 10:00 am (Toronto time) on the relevant date for each of the two outstanding non-callable Government of Canada nominal bonds which have the terms to maturity which most closely span the Applicable Term on such date, where such arithmetic average is based in each case on the bids quoted by such independent investment dealers.

“**Business Day**” shall mean a day on which banks are open for business in Toronto and which is not a Saturday or a Sunday.

Defeasance:

On or after August 10, 2027, subject to the prior approval of the Superintendent, SLF may exercise its option under the Trust Indenture to have the Trustee release it from its obligations under the Trust Indenture with respect to all outstanding Debentures, including its obligation to make payments, provided that: (i) the Trustee is satisfied that SLF has deposited with it funds or governmental securities sufficient for payment of all amounts due or to become due in respect of the Debentures; (ii) no Event of Default under the Trust Indenture has occurred and is continuing; and (iii) the other conditions specified in the Trust Indenture have been met.

Rank:

The Debentures will be direct, unsecured subordinated obligations of SLF constituting subordinated indebtedness for the purpose of the *Insurance Companies Act* (Canada), ranking equally and rateably with all other subordinated unsecured indebtedness of SLF from time to time issued and outstanding, other than subordinated indebtedness of SLF that, by its terms, ranks subordinate to the Debentures. The Debentures will rank among themselves equally and rateably without preference or priority. The Trust Indenture will provide that in the event of the insolvency or winding-up of SLF, the indebtedness evidenced by the Debentures will be subordinate in right of payment to all other liabilities of SLF (including senior indebtedness and policy holder liabilities of SLF, if any), except those other liabilities that, by their terms, rank equally with or are subordinate to the Debentures.

Upon any distribution of assets of SLF resulting from any dissolution, winding-up, liquidation or reorganization, payments on the Debentures will be subordinated to the extent provided in the Trust Indenture in right of payment to the prior payment in full of all senior indebtedness of SLF, but the obligation of SLF to make payments on the Debentures will not otherwise be affected except as described below. SLF may not make any payment on the Debentures at any time when there is a default in respect of or under the terms of its senior indebtedness. Because the Debentures are subordinated in right of payment to any senior indebtedness of SLF, in the event of a distribution of assets upon insolvency of SLF, some creditors of SLF may recover more, rateably, than holders of Debentures. Holders of Debentures will be subordinated

to the rights of holders of senior indebtedness of SLF, to the extent of payments made on senior indebtedness of SLF, upon any distribution of assets in any proceedings in respect of Debentures.

Form of Debentures: The Debentures will be issued in the form of a global certificate registered in the name of “CDS & Co.”

ISIN/CUSIP: CA86682ZAS52 / 86682ZAS5.

Credit Ratings: The Debentures have been rated “A” by DBRS Limited (“**DBRS**”) and “A” by Standard & Poor’s, a division of The McGraw Hill Companies Inc. (“**S&P**”). A credit rating generally provides an indication of the creditworthiness of the borrower or the risk that the borrower will not fulfill its obligations in a timely manner to pay both interest and principal on the indebtedness that is the subject of the rating. Rating categories range from highest credit quality (generally “AAA”) to very highly speculative (generally “C”).

For DBRS, a credit rating of “A” is an indication of good credit quality and is the third highest of the rating categories used by DBRS for long-term debt obligations. DBRS uses a “(high)” or “(low)” modifier to indicate relative strength within a rating category, with the absence of such a modifier indicating a rating in the middle of a category. For S&P, a rating of “A” is an indication that the borrower’s capacity to meet its financial commitments on its obligations is strong and is the third highest of the rating categories used by S&P for long-term debt obligations, with the addition of a plus “+” or minus “-” sign showing relative standing within a particular rating category.

Credit ratings are intended to provide investors with an independent assessment of the credit quality of an issue or issuer of securities and do not speak to the suitability of any particular securities for any particular investor. The credit rating assigned to the Debentures is not a recommendation to purchase, hold or sell the Debentures. Prospective investors should consult the relevant rating organization with respect to the interpretation and implications of the ratings and any recent actions concerning the ratings. Ratings may be revised or withdrawn at any time by the respective rating organization.

SLF has paid customary rating fees to DBRS and S&P in connection with the above-mentioned ratings and will pay customary rating fees to DBRS and S&P in connection with the confirmation of such rating for purposes of this offering. In addition, SLF has made customary payments in respect of certain other services provided to SLF by each of DBRS and S&P during the last two years.

Agents: RBC Dominion Securities Inc., BMO Nesbitt Burns Inc., TD Securities Inc., CIBC World Markets Inc., HSBC Canada (Securities) Inc., Merrill Lynch Canada Inc., National Bank Financial Inc. and Scotia Capital Inc.

Agents’ Fee: \$3.70 per \$1,000 principal amount of Debentures for a total of \$2,405,000.

Use of Proceeds: SLF intends to use the net proceeds of the sale of the Debentures for general corporate purposes of SLF, which may include investments in subsidiaries, repayment of indebtedness and other strategic investments.

Method of Distribution: Agency.

¹ If by not later than 11:00 a.m. Toronto time (or the amended publication deadline for CORRA, if any, specified by the Bank of Canada (or any successor administrator of CORRA)) on any Observation Date falling after the Interest Reset Date, neither the administrator nor authorized distributors provide or publish CORRA, and a CORRA Cessation

Effective Date has not occurred, then, in respect of any day for which CORRA is required, references to CORRA will be deemed to be references to the last provided or published CORRA.

If a CORRA Cessation Event and its related CORRA Cessation Effective Date occurs, the Trust Indenture will provide that SLF will use an Applicable Fallback Rate, as adjusted, in the case of the CAD Recommended Rate, by the Calculation Agent as necessary to account for any difference in the term, structure or tenor of the CAD Recommended Rate in comparison with CORRA, for all purposes relating to the Debentures in respect of all determinations on such date and for all determinations on all subsequent dates.

In connection with the implementation of an Applicable Fallback Rate, the Calculation Agent may, in consultation with SLF, make such adjustments to the Applicable Fallback Rate or the spread thereon, as well as the Business Day and calendar day count conventions, and related provisions and definitions including the Interest Payment Date and Observation Date, in each case as are consistent with accepted market practice for the use of the Applicable Fallback Rate for debt obligations such as the Debentures in such circumstances.

Any determination, decision or election that may be made by SLF or the Calculation Agent, as applicable, in relation to the Applicable Fallback Rate, including any determination with respect to an adjustment or the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection: (i) will be conclusive and binding absent manifest error; (ii) if made by SLF, will be made in the sole discretion of SLF, or, as applicable, if made by the Calculation Agent will be made after consultation with SLF and the Calculation Agent will not make any such determination, decision or election to which SLF objects and will have no liability for not making any such determination, decision or election; and (iii) shall become effective without consent from the holders of the Debentures or any other party.

“**Applicable Fallback Rate**” means one of the CAD Recommended Rate or the BOC Target Rate, as applicable.

“**BOC Target Rate**” means the Bank of Canada’s Target for the Overnight Rate as set by the Bank of Canada and published on the Bank of Canada’s website.

“**Business Day**” means any day on which Canadian chartered banks are open for business in Toronto and which is not a Saturday or Sunday.

“**CAD Recommended Rate**” means the rate (inclusive of any spreads or adjustments) recommended as the replacement for CORRA by a committee officially endorsed or convened by the Bank of Canada for the purpose of recommending a replacement for CORRA (which rate may be produced by the Bank of Canada or another administrator) and as provided by the administrator of that rate or, if that rate is not provided by the administrator thereof (or a successor administrator), published by an authorized distributor.

“**Calculation Agent**” means a third party trustee or financial institution of national standing with experience providing such services, which has been selected by SLF.

“**CORRA**” means the Canadian Overnight Repo Rate Average, as published by the Bank of Canada, as the administrator of CORRA (or any successor administrator of CORRA), on the website of the Bank of Canada or any successor website.

“**CORRA Cessation Effective Date**” means, in respect of one or more CORRA Cessation Events, the first date on which CORRA is no longer provided. If CORRA ceases to be provided on the same day that it is required to determine the rate for a Floating Interest Period but it was provided on the Observation Date for such Floating Interest Period, then the CORRA Cessation Effective Date will be the next day on which CORRA would ordinarily have been published.

“**CORRA Cessation Event**” means:

- (A) a public statement or publication of information by or on behalf of the administrator of CORRA announcing that it has ceased or will cease to provide CORRA permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide CORRA; or

- (B) a public statement or publication of information by the regulatory supervisor for the administrator of CORRA, the Bank of Canada, an insolvency official with jurisdiction over the administrator for CORRA, a resolution authority with jurisdiction over the administrator for CORRA or a court or an entity with similar insolvency or resolution authority over the administrator for CORRA, which states that the administrator of CORRA has ceased or will cease to provide CORRA permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide CORRA

	<u>Price to the Public</u>	<u>Agents' Fee⁽¹⁾</u>	<u>Net Proceeds to SLF⁽²⁾</u>
Per \$1,000 principal amount of the Debentures.....	\$999.76	\$3.70	\$996.06
Total	\$649,844,000	\$2,405,000	\$647,439,000

⁽¹⁾ SLF has agreed to pay the Agents a fee equal to \$3.70 for each \$1,000 principal amount of the Debentures sold.

⁽²⁾ Before deduction of expenses of the offering payable by SLF estimated to be \$1,100,000, which together with the Agents' fee will be paid from the proceeds of the offering.

RISK FACTORS

There are risks associated with an investment in the Debentures. In addition to the risk described below, reference is made to the section entitled “Risk Factors” in the prospectus supplement of SLF dated March 19, 2021.

The Debentures include a floating interest component.

Investments in the Debentures, given their floating interest component, entail significant risks not associated with investments in fixed rate debentures. The resetting of the applicable rate on a floating rate Debenture may result in lower interest compared to a fixed rate debenture issued at the same time. The applicable rate on a floating rate Debenture will fluctuate in accordance with fluctuations in the instrument or obligation on which the applicable rate is based, which in turn may fluctuate and be affected by a number of interrelated factors, including economic, financial and political events over which SLF has no control.

If CORRA is no longer published following a CORRA Cessation Event, the terms of the Debentures will require that CIBC use an Applicable Fallback Rate. In so acting, SLF would not assume any obligations or relationship of agency or trust, including, but not limited to, any fiduciary duties or obligations, for or with any of the holders of the Debentures. There is no assurance that the characteristics and behaviour of any Applicable Fallback Rate will be similar to CORRA and such rates may result in interest payments that are lower than or that do not otherwise correlate over time with the payments that would have been made on the Debentures if CORRA was available in its current form. In addition, such rates may not always operate as intended (including, without limitation, as a result of limited history and changes and developments in respect of such rates, the availability of rates information and the determination of the applicable adjustment spread (if any) at the relevant time). Any of the outcomes noted above may result in different than expected distributions and could materially affect the value of the Debentures. Further, SLF may in the future issue debentures or notes referencing CORRA that differ materially in terms of interest determination when compared with the Debentures or any other previous CORRA-referenced debentures or notes issued by it.

Investors should be aware that the market continues to develop in relation to risk free rates, such as CORRA, as reference rates in capital markets. Further, limited market precedent exists for securities that use a compounded daily reference rate, such as Daily Compounded CORRA, as the reference rate, and the method for calculating a rate of interest based upon a compounded daily reference rate in those precedents varies. As such, the formula and related documentation conventions used for the Debentures issued pursuant to this Prospectus Supplement may not be widely adopted by other market participants, if at all. Adoption by the market of a different calculation method from the formula and related documentation conventions used for the Debentures issued pursuant to the Prospectus likely would adversely affect the return on, value and market for the Debentures.

DOCUMENTS INCORPORATED BY REFERENCE

This Pricing Supplement is deemed to be incorporated by reference, as of the date hereof, into the accompanying Prospectus solely for the purpose of the offering of the Debentures.

The following documents, filed by SLF with the securities commissions or similar authorities in each province and territory of Canada, are incorporated by reference into the Prospectus:

- (a) the annual information form dated February 9, 2022;
- (b) the audited consolidated statements of financial position as at December 31, 2021 and 2020 and the related consolidated statements of operations, comprehensive income (loss), changes in equity and cash flows for each of the years in the two-year period ended December 31, 2021, together with the notes thereto, the reports of the Independent Registered Public Accounting Firm (collectively, the “**Annual Financial Statements**”), and management’s discussion and analysis thereon (the “**Annual MD&A**”);
- (c) unaudited interim consolidated statements of financial position as at June 30, 2022 and December 31, 2021 and the related unaudited interim consolidated statements of operations, comprehensive income (loss) and cash flows for the three and six month periods ended June 30, 2022 and 2021 and the unaudited interim consolidated statements of changes in equity for the six month periods ended June 30, 2022 and 2021, together with management’s discussion and analysis thereon;

- (d) the management information circular dated March 18, 2022;
- (e) the indicative template version of the subordinated unsecured fixed/floating debentures term sheet dated as at August 8, 2022 (the “**Indicative Marketing Materials**”); and
- (f) the final template version of the subordinated unsecured fixed/floating debentures term sheet dated as at August 8, 2022 (together with the Indicative Marketing Materials, the “**Marketing Materials**”).

The Marketing Materials are not part of this Pricing Supplement to the extent that the contents of the Marketing Materials have been modified or superseded by a statement contained in this Pricing Supplement.

Any documents of the type described in Section 11.1 of Form 44-101F1 — *Short Form Prospectus* filed by SLF and any template version of “marketing materials” (as defined in National Instrument 41-101 — *General Prospectus Requirements*) filed by SLF with Canadian securities regulatory authorities after the date of this Pricing Supplement and before the termination of the distribution under this offering (including any amendments to, or an amended version of, the Marketing Materials) is deemed to be incorporated by reference into the Prospectus.

Any statement contained in this Pricing Supplement, the Prospectus or in a document incorporated or deemed to be incorporated by reference in the Prospectus shall be deemed to be modified or superseded, for the purposes of this Pricing Supplement, to the extent that a statement contained herein, or in the Prospectus or in any other subsequently filed document that also is or is deemed to be incorporated by reference in the Prospectus, modifies or supersedes such statement. The modifying or superseding statement need not state that it has modified or superseded a prior statement or includes any other information set forth in the document that it modifies or supersedes. The making of a modified or superseded statement will not be deemed an admission for any purposes that the modified or superseded statement, when made, constituted a misrepresentation, an untrue statement of a material fact or an omission to state a material fact that is required to be stated or that is necessary to make a statement not misleading in light of the circumstances in which it was made. Any statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of the Prospectus.

In the Annual MD&A, SLF reported that it had loaned securities with a carrying value of \$9.9 billion for which the related collateral held was \$9.9 billion as at December 31, 2021 (see section K.3.ii). Recently, SLF discovered that these figures were incorrectly stated in the Annual MD&A and should align with the figures presented in the notes to the Annual Financial Statements, being \$2.3 billion and \$2.4 billion, respectively (see note 5.F.iii). These updates are not considered, individually or in the aggregate, to be material.

ELIGIBILITY FOR INVESTMENT

In the opinion of Torys LLP, counsel to SLF, and McCarthy Tétrault LLP, counsel to the Agents, the Debentures offered hereby, if issued on the date of this Pricing Supplement, would be, on such date, qualified investments under the *Income Tax Act* (Canada) (the “**Tax Act**”) for a trust governed by a registered retirement savings plan (“**RRSP**”), a registered retirement income fund (“**RRIF**”), a registered education savings plan (“**RESP**”), a registered disability savings plan (“**RDSP**”), a tax-free savings account (“**TFSA**”) or a deferred profit sharing plan, other than a deferred profit sharing plan to which contributions are made by SLF, or by an employer with which SLF does not deal at arm’s length within the meaning of the Tax Act.

Notwithstanding that the Debentures may be qualified investments for a trust governed by a TFSA, RDSP, RRSP, RRIF or RESP, the holder of the TFSA or RDSP, the annuitant of the RRSP or RRIF or the subscriber of the RESP, as the case may be, that holds Debentures will be subject to a penalty tax if the Debentures constitute a “prohibited investment” (as defined in section 207.01 of the Tax Act) for the trust. The Debentures, if issued on the date of this Pricing Supplement, would not be, on such date, a “prohibited investment” for a trust governed by a TFSA, RDSP, RRSP, RRIF or RESP, provided the holder of the TFSA or RDSP, the annuitant of the RRSP or RRIF or the subscriber of the RESP, as the case may be, deals at arm’s length with SLF for purposes of the Tax Act and does not have a “significant interest” (within the meaning of subsection 207.01(4) of the Tax Act) in SLF.

Prospective purchasers who intend to hold Debentures in a trust governed by a RRSP, RRIF, TFSA, RESP or RDSP should consult and rely on their own tax advisors with regard to the foregoing “prohibited investment” rules in their particular circumstances.

CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Torys LLP, counsel to SLF, and McCarthy Tétrault LLP, counsel to the Agents, the following is, at the date hereof, a summary of the principal Canadian federal income tax considerations generally applicable to a holder of Debentures who acquires as beneficial owner Debentures pursuant to this offering and who, at all relevant times, for purposes of the Tax Act and the regulations thereunder (the “**Regulations**”), is or is deemed to be resident in Canada, holds the Debentures as capital property, deals with SLF at arm’s length and is not affiliated with SLF (a “**Holder**”). Generally, the Debentures will be considered capital property to a Holder provided that the Holder does not hold the Debentures in the course of carrying on a business of trading or dealing in securities and has not acquired them in one or more transactions considered to be an adventure or concern in the nature of trade. Certain Holders whose Debentures might not otherwise qualify as capital property may be entitled to have such Debentures and every other “Canadian security” owned by the Holder treated as capital property by making an irrevocable election permitted by subsection 39(4) of the Tax Act.

This summary is not applicable to a Holder: (i) that is a “financial institution” (as defined in the Tax Act for purposes of the mark-to-market rules), (ii) an interest in which is a “tax shelter investment” (as defined in the Tax Act), (iii) that reports its “Canadian tax results” within the meaning of section 261 of the Tax Act in a currency other than Canadian currency, or (iv) that has entered into, or will enter into, a “derivative forward agreement” (as defined in the Tax Act) in respect of the Debentures. Such Holders should consult their own tax advisors having regard to their particular circumstances.

This summary is based upon the facts set out in the Prospectus and this Pricing Supplement, the current provisions of the Tax Act and the Regulations in force at the date of this Pricing Supplement, all specific proposals to amend the Tax Act and Regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (the “**Proposed Amendments**”) and counsel’s understanding of the current administrative policies and assessment practices of the Canada Revenue Agency (the “**CRA**”) published in writing by it prior to the date hereof. This summary assumes that the Proposed Amendments will be enacted currently as proposed; however there can be no assurance that the Proposed Amendments will be implemented in their current form or at all. This summary does not otherwise take into account or anticipate any changes of law or practice, whether by judicial, governmental or legislative decision or action or changes in the administrative policies or assessment practices of the CRA, nor does it take into account tax legislation or considerations of any province, territory or foreign jurisdiction. The provisions of provincial income tax legislation vary from province to province in Canada and in some cases differ from federal income tax legislation.

This summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any particular Holder, and no representations with respect to the income tax consequences to any particular Holder are made. Accordingly, prospective purchasers should consult their own tax advisors for advice with respect to the tax consequences to them of acquiring, holding and disposing of Debentures, including the application and effect of the income and other tax laws of any country, province, territory, state or local tax authority.

A Holder that is a corporation, partnership, unit trust or trust of which a corporation or partnership is a beneficiary will be required to include in computing its income for a taxation year any interest, or amount that is considered for the purposes of the Tax Act to be interest on a Debenture, that accrues (or is deemed to accrue) to the Holder to the end of that taxation year or that becomes receivable or is received by the Holder before the end of that taxation year, except to the extent that such interest (or amount considered to be interest) was otherwise included in the Holder’s income for a preceding taxation year.

Any other Holder, including an individual and a trust (other than a unit trust) of which neither a corporation nor a partnership is a beneficiary, will be required to include in income for a taxation year any amount received or receivable (depending upon the method regularly followed by the Holder in computing income) by such Holder as interest (or amount considered to be interest) in that year on a Debenture, except to the extent that the interest (or amount considered to be interest) was included in the Holder’s income for a preceding taxation year.

In the event the Debentures are issued at a discount from their face value, a Holder may be required to include an additional amount in computing income, either in accordance with the deemed interest accrual rules contained in the Tax Act and the Regulations or in the taxation year in which an amount in respect of the discount is received or receivable by the Holder. Holders should consult their own tax advisors in these circumstances, as the treatment of the discount may vary with the facts and circumstances giving rise to the discount.

Any premium paid by SLF to a Holder because of the redemption or purchase for cancellation by it of a Debenture before maturity generally will be deemed to be interest received at that time by the Holder to the extent that such premium can reasonably be considered to relate to, and does not exceed the value at the time of the redemption or purchase for cancellation of, the interest that would have been paid or payable by SLF on the Debenture for a taxation year ending after the redemption or purchase for cancellation.

On a disposition or deemed disposition of a Debenture, whether on maturity, redemption, purchase for cancellation or otherwise, a Holder will generally be required to include in its income in the taxation year in which the disposition occurs the amount of interest (including amounts considered to be interest) accrued on the Debenture from the date of the last interest payment to the date of disposition and that is not payable until after that time to the extent that such amount has not otherwise been included in the Holder's income for the taxation year or a previous taxation year. A Holder may also be required to include in computing its income the amount of any discount received or receivable by such Holder. In general, a disposition or deemed disposition of a Debenture will give rise to a capital gain (or capital loss) to the extent that the proceeds of disposition, net of any accrued interest (or any amount deemed to be interest) and any other amount included in computing income and any reasonable costs of disposition, exceed (or are less than) the adjusted cost base of the Debenture to the Holder immediately before the disposition.

A Holder's adjusted cost base of a Debenture will generally include any amount paid to acquire the Debenture plus the amount of any discount included in income by such Holder. A Holder that receives repayment in full of the outstanding principal amount of a Debenture upon maturity will be considered to have disposed of the Debenture for proceeds of disposition equal to such outstanding principal amount.

One-half of the amount of any capital gain (a "**taxable capital gain**") realized by a Holder in a taxation year generally must be included in the Holder's income for that year, and one-half of the amount of any capital loss (an "**allowable capital loss**") realized by a Holder in a taxation year must be deducted from taxable capital gains realized by the Holder in that year. Allowable capital losses in excess of taxable capital gains may be carried back and deducted in any of the three preceding taxation years or carried forward and deducted in any subsequent taxation year against net taxable capital gains realized in such years to the extent and under the circumstances described in the Tax Act. Capital gains realized by an individual or a trust (other than certain specified trusts) may give rise to a liability for alternative minimum tax under the Tax Act.

A Holder that is a "Canadian controlled private corporation" (as defined in the Tax Act) throughout a taxation year or a "substantive CCPC" (as proposed to be defined in the Tax Act as amended in the April 17, 2022 federal budget) may be liable to pay an additional refundable tax on certain investment income, including amounts of interest and taxable capital gains earned or realized in respect of the Debentures.
